Overview

Welcome

Welcome to the *BSB40215 Certificate IV in Business* for practice managers. This is a nationally recognised and accredited program presented by UNE Partnerships Pty Ltd, the Education and Training Company of the University of New England.

We are delighted that you have joined the Professional Practice Manager Development program, which is aimed at developing professional practice managers through three standalone qualifications:

- *Certificate IV in Leadership & Management* – focusing on a solid core of skills to manage the day-to-day operations of a practice with an emphasis on leading and supporting the team
- *Certificate IV in Business for practice managers* – focusing on a solid core of skills to manage the day-to-day operations of a practice with an emphasis on promoting and maintaining the business
- *Diploma of Professional Practice Leadership* – focusing on the business management skills required to lead a professional and profitable practice

In developing the Professional Practice Manager Development program, UNE Partnerships consulted widely with industry and discussed content with representatives of the healthcare professions and practice management wings of the professions. All were adamant that the practice manager plays a critical role in overseeing the effective and efficient running of a professional practice – especially ensuring that systems are in place to provide control over operations. The program aims to positively influence the quality and effectiveness of practice management at all levels throughout Australia.

Alliance partner

The Australian Association of Practice Managers (AAPM) is Australia's largest association for Practice Managers in the healthcare sector; it represents and unites Practice Managers across the whole healthcare industry. AAPM is recognised as the professional body dedicated to supporting effective healthcare practice management. AAPM actively seeks to raise the profile of practice management and to aid professional growth through education and information. Its success has resulted in a strong national network of over 1600 members. In the interest of its members and the wider healthcare professional AAPM works closely with government, stakeholders, and other professional bodies to support its practice management focus.

UNE Partnerships and AAPM have a valued and long-standing relationship which has fostered the development of education and training in this sector for over 25 years. AAPM has been closely involved in the development of UNE Partnerships' courses in practice management and continues to provide input to their development and advice on improvements to ensure their continued currency and relevance in the practice management sector.

BSB40215 Certificate IV in Business for practice managers

Aim of the program

This qualification aims to equip participants with the skills and knowledge to manage the day-to-day business aspects of your practice. A strong focus on staff management and supporting client/patient needs is complemented by an understanding of risk management and compliance. This course also provides you with the skills to understand the basic financial reports that every business uses. It looks at planning operations, including your own work schedules and performance, marketing and promotion, and continuous quality improvement to influence the ongoing development of the practice.

Learning outcomes

On completion of the program you should be able to:

- Understand your personal skills and where you fit into the workplace
- Understand the importance of a business vision and goals and demonstrate how these are used to set the direction for staff in the workplace
- Assess the role that risk management plays in a 21st Century practice
- Understand compliance and how to meet standards of compliance for both government and professional associations
- Understand the legal requirements and processes in recruiting new staff
- Understand the financial aspects of the practice as a business, especially the information conveyed in financial statements
- Analyse the needs of your clients/patients and develop strategies to improve services in response to changing needs
- Understand operational planning and implement operational plans
- Understand the need for a continuous process of review and improvement and apply that across all aspects of the practice

Structure of the program

There are ten (10) units of competency in this qualification and all must be successfully completed in order to achieve the *BSB40215 Certificate IV in Business*. If you enrol in a Skill Set, or selected units from the qualification, successful completion of your study would lead to the issuing of a Statement of Attainment for those units completed.

The program employs an online delivery mode. An outline of the structure for delivery and assessment is provided below.
