## Overview

### Welcome

Welcome to *ECQ Project Management*, a skill set from the *BSB51415 Diploma of Project Management*. This is a nationally recognised and accredited program presented by UNE Partnerships Pty Ltd, the Education and Training Company of the University of New England.

This program is founded on national and international best practice in project management, as endorsed by the Australian Institute of Project Management.

The design of this program allows you to study the most up-to-date theories and practices in the field of project management, and more importantly at the level of Project Manager where responsibility for project outcomes is found. Our Diploma is aimed at meeting your needs, whether you are an experienced project manager, a novice project manager, or a future project manager.

It does not matter which industry you work in nor the size or complexity of the projects in which you expect to be involved, because the skills and knowledge gained through successful completion of this course are just as applicable wherever you are or however you intend to apply them.

Whatever your needs, at the end of this program you will find that your day-to-day activities will be much simpler and less time-consuming through a better understanding of the application of principles and processes associated with the effective management of projects.

Throughout this program, our role is to act as your guide. No-one knows better than you do how you intend applying any new skills or knowledge within your work environment. Because of this our aim is to highlight the competencies demonstrated by the best project managers and to help you try these out in ways that are important to your needs.

You may already know, and be applying, many of these competencies. In this case our aim is also to help you gain professional recognition for what you already know and are doing. This way your current skills and knowledge can be recognised and aligned with those identified as being amongst the best here and overseas.

## ***BSB51415 Diploma of Project Management***

### Aim of the program

Today most managers practise project management in one form or another. Project teams are replacing middle managers as organisations 'down-size' or flatten their organisational hierarchy, and more and more work is being measured by outcomes that meet quality, time or cost guidelines.

This course aims to provide you with the skills and knowledge to plan and manage projects that achieve objectives important to you and your organisation – regardless of its size or type of activity. At the successful completion of this course you will have:

- a working knowledge of project management, including an understanding of project planning and control procedures, resource management, and risk analysis as they apply to projects, and
- an understanding of the methods, techniques and tools available to help you manage more effectively the projects you are, or will be, involved in.

### Learning outcomes

This program commences with a skill set that includes five of the twelve units of competency from the *BSB51415 Diploma of Project Management*. To complete the qualification, a further seven units of competency need to be completed.

On completion of the skill set - Time, Cost, Communications/Stakeholders and Risk you should be able to:

- Determine and implement the project schedule and assess time management outcomes.
- Identify, analyse and refine project costs to produce a budget, and to use this budget as the principal mechanism to control project cost.
- Identify, analyse, treat and monitor project risks, and assess risk management outcomes.
- Manage stakeholder relationships and link people, ideas and information in all stages of the project life-cycle using formal structures and processes.

On completion of the full qualification program you should be able to:

- Develop effective integrated project management plans to meet the delivery requirements and expectations of project customers and stakeholders.
- Use governance, risk and communications mechanisms linked with the plans for the day-to-day monitoring and effective control of projects to meet objectives, and the ultimate realisation of benefits.
- Provide quality deliverables, with the ability to meet reporting requirements on demand, and ultimately provide customer satisfaction.
- Select appropriate tools and techniques to support monitoring and control mechanisms, and continuous improvement.
- Assign, develop and lead project teams to achieve optimal performance and outstanding, sustainable results.

## Structure of the program

There are twelve (12) units of competency in this qualification, and all must be successfully completed in order to achieve the *BSB51415 Diploma of Project Management*. If you enrol in a Skill Set, or selected units from the qualification, successful completion of your study would lead to the issuing of a Statement of Attainment for those units completed.

The ECQ Skill Set is made up of five (5) units of competency, listed in the table below.

The program employs a mixed delivery mode, incorporating facilitator-led workshops, as well as a combination of print and electronic course material, and workplace relevant assessment. An outline of the structure for delivery and assessment is provided below, with details for the ECQ Skill Set followed by details for the remaining units of competency.

Units of competency are achieved as assessment tasks are successfully completed, and all must be completed to be awarded the *BSB51415 Diploma of Project Management*. If you withdraw before you complete the required number of units of competency, you will receive a Statement of Attainment for those competencies you have successfully completed.

Information on how to submit your work for assessment is provided in the Assessment section of each Course online. Suggestions for managing your study and assessment tasks is also available in the additional support document '[Studying with UNE Partnerships](#)'. It is recommended you access and read that resource in addition to this Program Overview. Should you be unsure of what is required of you, contact your student support team.

## Accreditation and recognition

The *BSB51415 Diploma of Project Management* in which you are enrolled is a nationally recognised and accredited program. It is listed on the national register of programs and is placed at level 5 on the Australian Qualifications Framework (AQF).

The competencies gained through successfully completing this program are cross-industry and nationally recognised. You may exit from this qualification at any time with a Statement of Attainment for any units of competency successfully completed to that point.

Furthermore, depending on circumstances related to the type and degree of credit sought, successful achievement of the *BSB51415 Diploma of Project Management* receives advanced standing into awards at the University of New England (UNE), subject to eligibility. Graduates with 6 years' work experience can apply for entry into the UNE Graduate Certificate of Management and claim 6 credit points (1 unit) of Advanced Standing upon enrolment.

Certified Project Management Professionals (PMP®) with The Project Management Institute (PMI®) may be eligible to apply for Professional Development Units on completion of the Diploma of Project Management.

The Australian Institute of Project Management (AIPM) has recognised this program as meeting its guidelines for professionalism in training and education. The AIPM recognises successful achievement of UNE Partnerships' Diploma of Project Management as meeting the student assessment requirements for a Certified Practising Project Practitioner (CPPP). Should you wish to seek Certified Practising Project Manager (CPPM) status, a gap assessment by an endorsed AIPM assessor (many of the UNE Partnerships assessors are AIPM assessors) will be required to cover the minor differences between the two sets of competencies. CPPM certification provides professional peer group recognition of people competent and skilled in world best practice project management.

## Study workload

The nominal duration of your enrolment in the *BSB51414 Diploma of Project Management* is between 12 and 18 months. The time it takes you to achieve the competencies required will depend on the amount of relevant learning and experience you have. Students with a moderate level of relevant learning and experience should be able to complete the program requirements in about 7–10 hours a week of self-directed workplace and individual study over the 12–18 month period, as outlined in your study plan. Inexperienced students will likely require more time.

You have:

- up to 9 months from enrolment to complete the ECQ skill set
- up to 11 months from enrolment to complete the additional 7 units of competency to achieve the BSB51415 Diploma of Project Management.

If you fall behind in your schedule, you should contact UNE Partnerships to discuss your progress. An extension to the study period may be available, however additional fees may apply.

## Third party arrangements

UNE Partnerships has not entered into any subcontracting arrangements for the delivery of training and assessment in this qualification.
