# Project Management

## Certificate IV in Project Management Practice (BSB41515)

The qualification for those active in the planning and delivery of projects and in such roles as team leader, controller, project officer, project coordinator, project manager, and senior project manager. It provides the essential skills to contribute to the successful planning of projects and coordinate their many elements in line with the wider needs and objectives.

## Diploma of Project Management (BSB51415)

This qualification is suited to project managers who are responsible for the entire lifecycle of a project. It not only provides the required skills and working knowledge, but also develops an understanding of the methods, techniques and tools available to plan and manage projects that achieve the goals and objectives.

It is suitable for those who develop project management plans, who report the outcomes of a project to a higher authority in their organisation, or those who monitor and review the whole project as it progresses through its lifecycle.

### Course Facts
